Omurzak Keldibekov

Student

Good in software designing and integration with intuitive problem-solving skills.

E-mail: omurzak.keldibek@gmail.com   **Github:** omiaow
LinkedIn: omurzak-keldibekov

EXPERIENCES

- **Web Developer Intern** at **Eötvös Loránd University, Media & Educational Informatics department**
  - Creating a web surface connecting and scheduling different online activities of TeT lab.

PERSONAL PROJECTS

- **Survey Storage and NPM package** – form generating web service with shared POST API.
  - **MERN stack** application, with **JWT, Bcrypt** dependencies. (project on my **Github**)
- **Smart Journey** – search engine to find cheapest combination of multiple flight tickets.
  - **React** application, tested on **Jest testing library**. (project on my **Github**)
- **Space ship** – **android** game app, implemented on **Unity** platform on C#.

EDUCATION

- **Computer Science** at Eötvös Loránd**University** in Budapest. (2017-Present)
  - **Algorithms and Data Structures**
  - **Object Oriented Programming** on Java and Python
  - **Software Development**
- **International Kyrgyz-Turkish High school** "**Semetey**" in Kadamjay, Kyrgyzstan. (2012-2017)
  - **Mentoring** to Arduino and Robotis Bioloid for freshman developers.
- **Piano course at Music School** named after Shubin and B. Omurzakova. (2010-2015)
  - Obtained Piano and Solfeggio course certificates.

CERTIFICATES

- **MERN stack** and **Software Engineering** certificates.
- **2 times "Line Follower" Robot Competition** First place (Gold) certificates in Arduino (2017).
- **3 Robot Competition Certificates**, Second place (Silver) and Third place (Bronze) (2017).
- Received **Grand to participate in "Space Camp Turkey"**.

SKILLS

- **Languages**
  - English – *Full Professional Proficiency*   Russian – *Native or Bilingual Proficiency*
  - Kyrgyz – *Native or Bilingual Proficiency*

- **Programming skills**
  - HTML   CSS   JavaScript   React   Jest
  - Node   Python   C++   Java   SQL
- **Personal skills**
  - Creative   Adaptive   Independent
  - Communicative   loyalty   Team Work

INTERESTS

- Web Development
- Software Engineering
- Java/C++/Python Developer
